Goddess Rising - A Skye Faden Novel

The Queen Bitch is Back. In the highly anticipated sequel to Darkness Descends, Skye Faden and her men return for a sizzling, epic adventure four millennia in the making. Skye is settling into her new life quite nicely: establishing her pack and home; guarding over a heavy secret; coordinating the worldwide war between werewolves and blood-drinkers; and - of course - still finding the time to enjoy the sweaty, delicious perks of her Trinity. Yes, life is pretty sweet, overall. So, naturally, an ancient enemy resurfaces to complicate matters. Join Skye as she fends off mystical attacks, accidentally traverses time (oops!), unearths truths that call the tale of the Clan's origins into question, and makes a (highly questionable) alliance. Trapped in the past with the fight of her life fast approaching, she must somehow learn to accept all of the newly discovered aspects of herself and ascend or die trying.

Grave Decisions

My name is Medley Bell, and if you had told me this time last week that I was demon, then I'd have said you were nuttier than a squirrel turd. Of course, that was before I started seeing the strangest things. I've always been a little off, but it took stumbling into a backwater bar to understand how different I really am. So when two drool-worthy guys stop by to tell me that I'm Hell spawn just like them, I'm more relieved than shocked. I mean, it sure does explain a lot. Now, I just have to convince my mama and daddy that they can't come with me on my first trip to Hell, deal with a hellish biological family I never knew I had, and keep from getting kidnapped by some weird Morax fella with snakes for hair. Things are about to get crazy around here. I guess it's a good thing I like that.
