Agartha - The Earth Inner World

A Kingdom of Flesh and Fire - A Blood and Ash Novel

From #1 New York Times bestselling author Jennifer L. Armentrout comes a new novel in her Blood and Ash series... Is Love Stronger Than Vengeance? A Betrayal... Everything Poppy has ever believed in is a lie, including the man she was falling in love with. Thrust among those who see her as a symbol of a monstrous kingdom, she barely knows who she is without the veil of the Maiden. But what she does know is that nothing is as dangerous to her as him. The Dark
One. The Prince of Atlantia. He wants her to fight him, and that’s one order she’s more than happy to obey. He may have taken her, but he will never have her. A Choice.... Casteel Da’Neer is known by many names and many faces. His lies are as seductive as his touch. His truths as sensual as his bite. Poppy knows better than to trust him. He needs her alive, healthy, and whole to achieve his goals. But he’s the only way for her to get what she wants—to find her brother Ian and see for herself if he has become a soulless Ascended. Working with Casteel instead of against him presents its own risks. He still tempts her with every breath, offering up all she’s ever wanted. Casteel has plans for her. Ones that could expose her to unimaginable pleasure and unfathomable pain. Plans that will force her to look beyond everything she thought she knew about herself—about him. Plans that could bind their lives together in unexpected ways that neither kingdom is prepared for. And she’s far too reckless, too hungry, to resist the temptation. A Secret… But unrest has grown in Atlantia as they await the return of their Prince. Whispers of war have become stronger, and Poppy is at the very heart of it all. The King wants to use her to send a message. The Descenters want her dead. The wolven are growing more unpredictable. And as her abilities to feel pain and emotion begin to grow and strengthen, the Atlantians start to fear her. Dark secrets are at play, ones steeped in the blood-drenched sins of two kingdoms that would do anything to keep the truth hidden. But when the earth begins to shake, and the skies start to bleed, it may already be too late.

Agartha

In Medieval times, people believed the Earth was flat and that the sun rotated around it. The Catholic Church considered it heresy to suggest that the Earth was round and orbited the sun. The astronomer, Copernicus, was aware of this, and did not dare publish his findings until on his death-bed in 1543. The next major “disclosure” is revealed in this book. The Earth is hollow and populated by an advanced race, who is planning to come to the aid of people on the surface very soon. Will this concept be accepted by scientists and the religious community? Is this science-fiction, fantasy, or liberation? We can only advise you to read this book, written as a novel, and examine your own heart. There are those who have already visited Agartha, the world inside the planet, and found society there advanced and flourishing. Admiral Richard E. Byrd, USA (1947) is one of them. He was not given to flights of fancy. Mariana Stjerna made contact with Timothy Brooke, a Canadian, who appeared to her briefly and then “dictated” this book. He was saved by Agarthans from a shipwreck off the coast of Canada in the mid-20th century, and is now alive and well in Agartha. In this book, he recounts his story and describes life in this five-dimensional paradise.
