Engines of War

The Doctor does not like to remember the version of himself that lived during the Time Wars, when he crashed on the planet Moldox, where the Dalek took humans prisoner, and he joined forces with a young Dalek hunter, Cinder.

Doctor Who: Engines of War

Engines of War

"The death of billions is as nothing to us Doctor, if it helps defeat the Daleks." The Great Time War has raged for centuries, ravaging the universe. Scores of human colony planets are now overrun by Dalek occupation forces. A weary, angry Doctor leads a flotilla of Battle TARDISes against the Dalek stronghold but in the midst of the carnage, the Doctor's TARDIS crashes to a planet below: Moldox. As the Doctor is trapped in an apocalyptic landscape, Dalek patrols roam amongst the wreckage, rounding up the remaining civilians. But why haven't the Daleks simply killed the humans? Searching for answers the Doctor meets 'Cinder', a young Dalek hunter. Their struggles to discover the Dalek plan take them from the ruins of Moldox to the halls of Gallifrey and set in motion a chain of events that will change everything. And everyone. An epic novel of the Great Time War featuring the War Doctor as played by John Hurt.

Doctor Who: Engines of War - A Novel

"I've had many faces. Many lives. I don't admit to all of them. There's one life I've tried very hard to forget-the Doctor who fought in the Time War." The Great Time War has raged for centuries, ravaging the universe. The Daleks and the Time Lords deploy ever more dangerous weapons in desperate attempts at victory, but there is no end in sight. On the outer rim of the Tantalus Eye, scores of human colony planets are now overrun by Dalek occupation forces. A weary, angry Doctor leads a flotilla of Battle TARDISes against the Dalek stronghold but in the midst of the carnage, the Doctor's TARDIS crashes to a planet below: Moldox. As the Doctor is trapped in an apocalyptic landscape, Dalek patrols roam amongst the wreckage, rounding up the remaining civilians. But why haven't the Daleks simply killed the humans? Searching for answers, the Doctor meets 'Cinder', a young Dalek hunter. Their struggles to discover the Dalek plan take them from the ruins of Moldox to the halls of Gallifrey and set in motion a chain of events that will change everything. And everyone.

**Doctor Who: Tales of Trenzalore - The Eleventh Doctor's Last Stand**

As it had been foretold, the armies of the Universe gathered at Trenzalore. Only one thing stood between the planet and destruction – the Doctor. For nine hundred years, he defended the planet, and the tiny town of Christmas, against the forces that would destroy it. He never knew how long he could keep the peace. He never knew what creatures would emerge from the snowy night to threaten him next. He knew only that at the end he would die on Trenzalore. Some of what happened during those terrible years is well documented. But most of it remains shrouded in mystery and darkness. Until now. This is a glimpse of just some of the terrors the people faced, the monstrous threats the Doctor defeated. These are the tales of the monsters who found themselves afraid - and of the one man who was not. (Tales of Trenzalore documents four of the Doctor’s adventures from different periods during the Siege of Trenzalore and the ensuing battle: Let it Snow – by Justin Richards An Apple a Day – by George Mann Strangers in the Outland – by Paul Finch The Dreaming – by Mark Morris)

**Doctor Who: Paradox Lost**

'The Squall feed on psychic energy. They spread like a plague and if they are not stopped they will strip the Earth clean...' London 1910: an unsuspecting thief finds himself confronted by grey-skinned creatures that are waiting to devour his mind. London 2789: the remains of an ancient android are dredged from the Thames. When reactivated it has a warning that can only be delivered to a man named 'the Doctor'. The Doctor and his friends must solve a mystery that has spanned over a thousand years. If they fail, the deadly alien Squall will devour the world. A thrilling all-new adventure featuring the Doctor, Amy and Rory, as played by Matt Smith, Karen Gillan and Arthur Darvill in the spectacular hit Doctor Who series from BBC Television.

**Doctor Who: the Whoniverse**

"The Whoniverse is a never-before-seen history of the Human Race - from the formation of Earth round the Racnoss eggs, and the creation of life by the destruction of the last Jagaroth spaceship, through to the eventual expansion of the sun and end of the world and beyond - to New Earth, and Utopiaa Along the way, The Whoniverse also explores the untold histories of other planets and other lifeforms as they have interacted with humanity. We examine the Daleks and Cybermen, the Time Lords and the Sontarans, the Ice Warriors, Silurians, Weeping Angels, and many many morea We visit Gallifrey and Skaro, Mondas and Telos, Mars and Sontar, to explore how their histories have coincided with the Time Lords, and with our own. With full-colour illustrations, maps, charts and photography throughout, The Whoniverse is a dramatic retelling of the uprisings, wars and battles that formed Doctor Who's universe, and an
astonishing compendium of the races that live within it. It is the definitive, essential companion to this universe, and any other."

**The Affinity Bridge - A Newbury & Hobbes Investigation**

Get ready to follow dazzling young writer George Mann to a London unlike any you've ever seen and into an adventure you will never forget, in The Affinity Bridge. Welcome to the bizarre and dangerous world of Victorian London, a city teetering on the edge of revolution. Its people are ushering in a new era of technology, dazzled each day by unfamiliar inventions. Airships soar in the skies over the city, while ground trains rumble through the streets and clockwork automatons are programmed to carry out menial tasks in the offices of lawyers, policemen, and journalists. But beneath this shiny veneer of progress lurks a sinister side. Queen Victoria is kept alive by a primitive life-support system, while her agents, Sir Maurice Newbury and his delectable assistant Miss Veronica Hobbes, do battle with enemies of the crown, physical and supernatural. This time Newbury and Hobbes are called to investigate the wreckage of a crashed airship and its missing automaton pilot, while attempting to solve a string of strangulations attributed to a mysterious glowing policeman, and dealing with a zombie plague that is ravaging the slums of the capital. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**Doctor Who: Dalek - The Astounding Untold History of the Greatest Enemies of the Universe**

For the first time, the never-before-told history of the Doctor's most dangerous enemy, the Daleks, from their genesis thousands of years ago to their conquest of the universe. Doctor Who: Dalek, is the one and only volume devoted solely to the history of the Doctor's greatest enemy. The Daleks, with their watchword cry "Exterminate!", are a race of cyborg aliens single-mindedly determined to conquer the universe and end all life forms they consider inferior. First appearing on Doctor Who in 1963, the Daleks are among the show's most popular villains. Reminiscent of human-sized pepper shakers, the external mechanical casing of the Dalek protects a soft, repulsive creature whose electronic voice is reduced to a squeak when outside of its shell. Doctor Who: Dalek chronicles the Daleks' genesis through the Time War and their ongoing conquest of the universe. Here are never-before-told stories about these legendary creatures—including terrifying near-mythical adventures, startling visual recreations of secret conflicts, and more. Each story sheds new light on what has become the most feared alien race in the universe. With a foreword by showrunner Steven Moffat, full-color illustrations, concept art, cutaways, diagrams, comic strips and more, Doctor Who: Dalek is the ultimate celebration of all things Dalek and a must have for devoted Whovians of every age.
